

## Noir Fleurien N

### Name of the variety in France

Noir Fleurien

### Origin

This variety is originally from the Auvergne region and based on published genetic analyses, it is probably a descendant of Gouais blanc.

### Synonyms

There is no officially recognized synonym in France nor in the other countries of the European Union, for this variety.

### Legal information

In France, Noir Fleurien is officially listed in the "Catalogue of vine varieties" on the A list and classified.

### Use

Wine grape variety.

### Evolution of cultivated areas in France

### Descriptive elements

The identification is based on:

- the tip of the young shoot with a medium density of prostrate hairs,
- the green young leaves,
- the shoots with red internodes,
- the circular or pentagonal adult leaves, with five lobes, deep upper lateral sinuses, a petiole sinus with parallel edges or overlapping lobes, medium teeth with straight sides, no anthocyanin coloration of veins, a slightly involute leaf blade, folded near the petiole sinus, and on the lower side of the leaves, no or a very low density of erect and prostrate hairs,
- the round-shaped berries.

## Genetic profile

Microsatellite	VVS2	VVMD5	VVMD7	VVMD27	VRZAG62	VRZAG79	VVMD25	VVMD28	VVMD32
Allel 1	131	223	239	178	188	238	238	227	263
Allel 2	141	238	255	191	204	252	254	259	271

## Phenology

Bud burst: 2 days after Chasselas.

Grape maturity: mid-season, 2 weeks and a half after Chasselas.

## Suitability for cultivation and agronomic production

Noir Fleurien is vigorous, with an erect bearing and is adapted to fairly dry and limestone terroirs.

## Susceptibility to diseases and pests

Noir Fleurien does not seem particularly susceptible to diseases.

## Technological potentiality

The bunches are medium in size and the berries are small. Noir Fleurien produces colored, balanced and pleasant wines.

## Clonal selection in France

There is no certified clone for this variety yet. A conservatory of 30 or so clones was planted in 2000 in the wine-growing region of Auvergne (Massif Central).
